

The Ascendant Group Limited, which is a publicly traded investment holding company, invites applications for the position of

Data Analyst

Job Description: This position is responsible for analyzing current and potential systems for conversion and integration for the Ascendant Group. The Data Analyst manipulates, modifies integrations and maintains data structures and associated components in a team environment.

Key Job Responsibilities:

- Assimilate, in-depth, knowledge of all company data structures and interfaces
- Analyze current and potential systems for conversion and integration scenarios
- Participate in requirements gathering, design sessions and technical reviews
- Work closely with Business Analysts and users to define system scope and objectives
- Independently work on projects/tasks defined by the Lead Data Analyst
- Assimilate, integrate, and interface technical knowledge with business/systems requirements
- Produce written deliverables for system specifications and support documentation including formal process mapping, glossaries, data dictionary, requirements, technical design, system testing and implementation activities
- Design and implement Business Intelligence delivery approaches using Dashboards, Alerts, Queries, Reports, Stored Procedures etc.

Key Job Requirements:

- University degree in Computer Science or equivalent education and experience
- Professional certification in database administration or working towards certification
- Three (3) + years experience in data analysis and design/architecture
- In-depth Relational database knowledge (SQL Server, Oracle)
- Experience with report writing tools (Crystal reports, SSRS, Actuate reports)
- Basic programming skills PL/SQL and T-SQL
- Experience with data quality best practices and industry tools, particularly with complex inter-relationships data
- Broad knowledge of function and characteristics of database architecture, design and associated system development
- Ability to analyze and develop solutions to data reporting requirements
- Basic ESB skills (Biz Talk preferred) combined with data mining experience
- Working knowledge of business/financial concepts
- Excellent teamwork, communication and interpersonal skills

Ascendant Group Limited is a drug, alcohol and smoke free environment and, as such, requires all applicants to successfully pass a pre-employment drug and alcohol screening prior to an offer of employment.
