

## **Senior Account Manager (Sales)**

Gateway Systems Limited requires a Senior Account Manager in their sales department to assist both in the expansion and account management of the current client base.

This senior position, requiring at least five (5) years of experience in a similar technical post, deals with all aspects of our highly technical business. Knowledge of current Information and Communications Technology (ICT) is essential as is proven project management experience. This person will report directly to the Managing Director, deal with our Vendor partners and liaise closely with all other departments to ensure we deliver high levels of service to our clients.

The successful applicant must have experience in a similar environment and current relevant certification on Microsoft and other vendor licensing as we currently working with the majority of businesses for their licensing and Software Asset Management. Certifications on other manufacturer equipment/software is also extremely important to retain our status with all vendors.

While Gateway will provide the successful applicant with assistance to get additional qualifications, on-going personal dedication and commitment to training is required to stay at the top of the field.

The company offers in return a very competitive performance based compensation and benefits package.

Gateway is one of the leading suppliers of ICT software, education and technical services in Bermuda, and a Microsoft Gold Certified Partner. Our local software development team has a proven, demonstrable expertise in delivering integration and customized software to assist businesses improve efficiencies.
