

## Risk and Capital Reporting Manager

RenaissanceRe Holdings Ltd., through its operating subsidiaries, is a leading global provider of reinsurance and insurance. Our team shares a passion for providing exceptional service, innovation, creativity and a strong belief in the entrepreneurial culture which is a cornerstone of our competitive advantage.

Reporting to the Group Director of Risk and Regulatory Affairs, the Risk and Capital Reporting Manager will be responsible for executing a wide range of RenaissanceRe's external supervisory risk and capital reporting efforts within Bermuda. The successful candidate will work with members of the Risk, Finance, Actuarial, Underwriting and Compliance teams and be responsible for preparing and reviewing Bermuda regulatory submissions. This individual will gain a thorough understanding of RenaissanceRe's risk and capital systems/processes and will ultimately play a key role in assisting management with identifying, assessing and monitoring external supervisory issues, with a view towards ensuring optimal outcomes.

### Responsibilities include:

- Plan for, prepare, review and submit Solvency II-based regulatory returns and applications (including statutory financial statements like the Economic Balance Sheet) to relevant external supervisors, including the Bermuda Monetary Authority
- Assist with responding to, or coordinating responses to, technical queries or requests from external supervisors, as applicable
- Work with other members of the Risk Management Function to improve and embed ongoing review of the RenaissanceRe risk management framework and economic capital model, especially with respect to enhancing and providing evidence of these processes for external supervisory consumption
- Ensure that internal controls and risk mitigation strategies are in place and tested on a regular basis
- Assist RenaissanceRe in meeting its external supervisory obligations
- Assist the Risk Management Function with ad-hoc activities related to RenaissanceRe's periodic risk and capital portfolio roll-up and reporting

### Education, Skills & Experience:

- An undergraduate and/or post-graduate degree in a relevant quantitative discipline
- A professional designation or qualification – CFA, ACCA, CPA preferred
- Experience of Bermuda-based (re)insurance external supervisory reporting
- Experience in reviewing corporate governance and risk management frameworks within large commercial (re)insurance entities with a view to identifying control weaknesses and formulating recommendations for improvement
- Detailed knowledge of and proven experience in Solvency II requirements and Bermuda's Capital and Solvency Return submissions would be valuable
- An ability to prepare comprehensive, well-written reports and assist with existing external supervisory processes
- A minimum of 5 years' (re)insurance industry experience
- Excellent written and verbal communication skills
- Superior organizational and analytical skills
- Interest in gaining a deeper understanding of risk and capital modelling with respect to Solvency II

This is a fast-paced business environment, demanding a strong work ethic and a results-oriented approach.

Written applications with Curriculum Vitae should be forwarded via e-mail to [careers@renre.com](mailto:careers@renre.com) or to VP, Human Resources, Renaissance House, 12 Crow Lane, Pembroke HM19.
