## HVAC Mechanic

Our client, **Bermuda Energy Services Company Limited (BESCO)**, requires a qualified **HVAC Mechanic** to service a wide variety of commercial HVAC systems.

### Minimum Qualifications, Skills & Experience:

The successful candidate will have a minimum of five years experience in the installation, commissioning and servicing of chillers, pumps and air handlers. Applicants will be under the direction of the Field Service Manager and should have a proven track record in the HVAC service industry.

The successful candidate must be a qualified HVAC mechanic with complete understanding of relevant local codes. Experience with control system configuration and troubleshooting is preferred. Working knowledge of chilled water systems, AHU's, VAV's and VFD's is essential.

The position requires strong written and verbal communication skills. Strong computer skills with particular experience using MS Office programs are also necessary. The successful candidate must be willing to work extended hours, nights, weekends and holidays, or as required on a service basis, have a clean police record and be licensed to operate a small truck.

Remuneration will be competitive with industry standards and commensurate with qualifications and experience. An attractive health and benefits plan will be provided.

This position is only open to Bermudians, spouse of Bermudians and PRC holders.

To apply please send your resume to [bdajobs@expertise.bm](mailto:bdajobs@expertise.bm) or apply online at [www.BermudaJOBS.com](http://www.BermudaJOBS.com).

All enquires will be dealt with in strict confidence.

Closing date: April 9, 2015
