

THIRD POINT RE

Third Point Reinsurance Company Ltd. is seeking a qualified Chief Reserving Actuary.

Key Responsibilities:

The successful candidate will work to support the President and Chief Risk Officer in ensuring sufficient overall reserve levels, financial reporting, capital adequacy modeling, helping manage rating agency relations, monitoring asset performance, risk management and regulatory compliance, and the pricing of individual reinsurance contracts.

Specific Skill Requirements:

- In-depth understanding and experience in modeling, monitoring, analyzing and pricing and reserving across various lines of business, including long-tailed casualty, property, and financial lines;
- Proven project management skills;
- Strong stochastic modeling skills;
- Deep understanding of US STAT and GAAP accounting required;
- Experience with SNL Financial or similar databases;
- Excellent computer and technical skills. Hands-on experience with some of the available capital adequacy modeling or actuarial modeling systems required as well as proficiency in database management software;
- Detail oriented candidate with excellent communication and interpersonal skills.

Work Experience Requirements:

- 10+ years industry experience in either reinsurance or consulting;

Educational Requirements:

- Actuarial Qualification (FCAS or equivalent designation);
- University degree in Actuarial Science, Math or Economics.

Interested persons should apply in writing together with Curriculum Vitae and at least two written references marked Private and Confidential, by Tuesday May 12 2015 to:
