The Regulatory Authority is responsible for promoting competition, protecting consumers and encouraging innovation. Our job involves dealing with complex issues of law, economics and technology and ensuring that our decisions are taken fairly and are clearly explained.

Role:

The Regulatory Authority is seeking to employ a Research Intern. The successful applicant will report to the Analyst and assist with the collection of industry data and analysis of the results. The Research Intern will also help other staff by assisting with on going projects.

Responsibilities:

- Assist Regulatory team with a broad variety of projects including market research, data management and collection activities.
- Help with preparations for organizational planning meetings.
- Review data integrity of contact lists through research
- Coordinate with other team members on other ongoing projects dealing with legal, economic, and consumer related issues.

Qualifications:

- Pursuing a degree in Business/ Marketing or related field
- Strong communication skills
- Ability to prioritize and work on multiple projects simultaneously
- Competent in Microsoft Office Suite applications including Word, Excel, PowerPoint, and Outlook
- Targeted graduation dates from 2016 through 2017

Closing Date For applications: May 21, 2015

Fairness • Innovation • Integrity
