

**Risk Manager**

MS Frontier Reinsurance Limited is a reinsurance company domiciled in Bermuda, specializing in reinsurance on a global basis.

MS Frontier is a member of MS&AD Insurance Group, one of the strongest general insurance groups in the world. The Company invites applications for the position of Risk Manager.

**Key roles and responsibilities:**

- Design, implement and maintain ERM program for the Company – to comply with overall requirements of the BMA and the Japanese FSA
- Prepare and review all Class 3B Statutory financials and BSCR reporting in Bermuda
- Analysis and reporting of the Company's Risk Appetite
- Calculation and reporting of Solvency and Capital Adequacy for Company and subsidiaries
- Review Reporting results to the Parent Company in line with Group Guidelines and reporting formats
- Analysis and reporting of overall PML risk of the portfolio
- Act as compliance liaison with related third parties on behalf of the Company (Regulators, external and internal auditors, head office, attorneys, actuaries etc)
- Design and implement corporate compliance training and education programs for all staff and senior management
- Monitor new regulatory pronouncements, discussions and requirements
- Provide advice to senior management and board on corporate compliance issues, both in Bermuda and other relevant jurisdictions
- Assist in the identification, development, implementation and analysis of internal controls
- Planning and management of Special Projects.

Reporting to the Group Actuary the role of Risk Manager is a challenging position requiring proven financial, compliance and operational capabilities. The successful candidate will need to demonstrate the following required skills and experience:

- Educated to degree level;
- Internationally recognized accounting qualification (CA, CMA, ACCA or equivalent);
- Minimum 10 years (re)insurance industry and related experience;
- Evidence of strong communications skills with all levels within the company
- In depth knowledge of the requirements of Japanese Sox reporting and ability to manage the overall compliance program of the Company, its subsidiaries and branches;
- A high proficiency with US Gaap, Japan Gaap and IFRS reporting;
- Knowledge and experience of the requirements of Japanese Sox reporting;
- Knowledge of the international regulatory regimes in Bermuda, Switzerland, Malaysia and Singapore is desirable;
- Demonstrable experience in the management, analysis and reporting of complex projects;
- Strong analytic skills and numerical aptitude;
- Proficient in the use of Microsoft office products;
- Excellent verbal and written communication skills, together with the ability to work well in a small team environment;
