

OBMI requires the services of a CAD/REVIT Operator. The successful applicant will have a Certificate from a bona fide CAD/Revit course and proven work experience with REVIT/BIMS Systems. Only candidates with proven REVIT work experience (four years or more post certificate) and current references of competency in REVIT will be considered.

The position requires the production of accurate CAD/REVIT modeling to a high standard in coordination with international consultants and a minimum of supervision. A second language as asset.

Letters of application including resume and references of competency in REVIT to be forwarded to:  
ccampbell@obmi.com

**Closing Date: Monday August 24, 2015**

OBMI is an equal opportunity employer.
