## Sol Seeks Retail Dealers to Operate ESSO Service Stations

- Sol seeks to recruit motivated individuals with entrepreneurial and business savvy, who are prepared to enter into a business partnership in managing our Esso service stations.
- Our retailers maintain and control Safety, Operational and Financial standards across the fuel business.
- Exceptional customer service and people management skills are essential. Previous experience in the retail petroleum sector, whilst important, is not an absolute requirement.
- Access to working capital and a good credit history is essential.
- Contractual arrangements and business models will be discussed after an initial screening and interviews.
- Only applicants selected for interviews will be acknowledged.
