

Our client, EOS Ltd., seeks a live-in caregiver for their two children, a five year old and a newborn. The family travels extensively to homes in other countries, and therefore a successful applicant must be able to travel for long periods of time on short notice. A successful applicant must be certified in infant, child and adult CPR, possess or be willing to obtain an international driver's license and have a minimum of ten years of experience.

The family is trilingual, and would like their children raised with knowledge of English, Spanish and German. Therefore, the family prefers that the successful applicant be able to converse in all three languages and assist in teaching the children both Spanish and German. The family would ideally like a caregiver that can commit to three years of service, even if the family relocates abroad.

Please submit applications by 17 September 2015 via email to tptavares@applebyglobal.com or to Appleby (Bermuda) Limited, 22 Victoria Street, Hamilton HM 12, attention: Tiffany Tavares. Mrs Tavares can be reached at 298-3220.
