

Certified Service and Maintenance Technician

CoffeeWorks Bermuda Ltd., a leading independent distributor of coffees, teas, specialty beverages, and brewing equipment in Bermuda, is seeking a Certified Service and Maintenance Technician to join our dynamic and successful company.

The successful applicant must have:

- Minimum 3 years of experience as a commercial coffee machine service technician
- Certified training and experience for electronic, fully automatic and hydraulic espresso/coffee brewing equipment
- Experience in small appliance electronics maintenance and repair
- Familiarity with ordering equipment parts and maintaining an inventory of spare parts
- Experience with installing water filters
- Customer service experience
- Available weekends and public holidays as required
- A valid driver's license
- Ability to create and carry out maintenance schedules unsupervised

The position will require that the technician work in customer homes and offices daily in business casual attire. The applicant must therefore be personable, with effective communication skills and be able to operate in a position of responsibility that will require real-time decision making regarding service priorities.

Coffeeworks Bermuda Ltd is a drug free work place.

Please send a cover letter, your resume and two employment references by October 10, 2015 to:
