

Our people are our competitive advantage.

At Butterfield, we pride ourselves on being approachable, disciplined and proactive. If you embody these qualities and have the necessary experience, you may be the one we're looking for.

Assistant Vice President, Regulatory Accountant Group Finance

This position reports to the Assistant Vice President, Group Regulatory Reporting and is responsible for assisting with all regulatory and statistical returns, conducting capital and scenario modelling and other financial reporting.

Your responsibilities will include:

- for assisting with researching the impact of proposed transactions and changes to regulations, as well as the development of procedures, systems and controls.
- assisting in the preparation of the Bank's quarterly regulatory returns on both a Group and stand-alone basis in accordance with Basel III regulations
- preparing all quarterly statistical returns
- assisting in the preparation of variance analysis and modelling to support the annual update of the Bank's Capital Assessment and Risk Profile for senior management
- performing quality assurance analysis on data received from other jurisdictions and departments to ensure accuracy, completeness and validity of the financial information
- working with Group Market Risk to ensure regulatory liquidity fillings are consistent with daily liquidity monitoring
- researching proposed changes in regulation, assessing their significance and reporting findings
- assisting with forecasting the capital impact of proposed transactions, new products or changes in regulation
- maintaining and enhancing existing procedures, systems and controls
- conducting ad-hoc analysis as directed

Your experience/skills may include:

- University Degree with a qualified accounting designation (CPA, CA or equivalent) and two to five years progressive experience in the financial services industry
- keen interest in financial institution regulation and strong proficiency in variance analysis
- background in regulatory reporting and detailed knowledge of Basel II and Basel III regulations
- practical experience with the SAP accounting system would be an asset
- strong attention to detail
- strong communication skills (oral and written) with the ability to work under pressure
- proficient in Microsoft Office suite of applications, specifically Excel
