

FINANCE REPORTING AND PLANNING ANALYST

QBE Insurance Group is Australia's largest international general insurance and reinsurance group and one of the top 20 insurers and reinsurers worldwide as measured by net earned premium, with operations in all key insurance markets. QBE is an Australian listed company with a Group Head office based in Sydney, and has operations in 52 countries with over 16,000 employees worldwide.

Equator Reinsurances Ltd. currently operates as the internal reinsurance platform to QBE companies and partners providing excess of loss and proportional reinsurance protection. Equator Re underwrites property catastrophe, property risk and casualty business on a global basis and has written premium in excess of USD3 billion.

An opportunity exists for an experienced and qualified Finance Reporting and Planning Analyst to join the company. Reporting to the Chief Financial Officer, the successful candidate will lead the accurate and timely production of financial statements to achieve department standards and meet service level expectations, developing and delivering financial reports by translating hard numbers into factual information using internal reporting systems. In collaboration with team members, the individual will evaluate complex financial issues, recommending solutions to guide future organizational decisions and ensure alignment with business objectives.

Key Responsibilities will include:

- Delivery of monthly, quarterly and annual AIFRS and Bermuda Statutory Financial Reports, annual business plans and reforecasts and ad hoc requests as needed by utilizing internal reporting and providing analytics to continuously improve consistency and accuracy
- Managing the financial close processes by publishing timetables for preparation of financial close. Review of accounting reconciliations and reporting documentation to ensure preparation and approval in an accurate and timely manner
- Coordinating financial information with various departments including identification, research and resolution of discrepancies in financial reports by collaborating and sharing results with other team members and senior leadership team to guide future decision making
