

Bermuda Security Group

SENIOR SECURITY SYSTEMS TECHNICIAN

Bermuda Security Group continues to be a leader in the security industry, offering quality security services across the island. An exciting opportunity currently exists for a qualified individual to join our team as a **Senior Security Systems Technician**.

The successful candidate must possess:

- At least ten (10) years relevant experience with installation, diagnostics, and repair in a security environment which should include computer programming experience with access control systems
- Possess a recognized certificate in electronics or security-related electronic technology
- Certification in or experience with Edwards fire systems and C-Cure access control systems

This position requires the successful candidate to be on-call 24hrs and to have a clean driver's licence. The post holder will be required to perform as a team leader and to train junior staff members.

In addition, applicants will be expected to:

- Demonstrate sound knowledge of computer networks, CCTV, addressable systems and related security products
- Understand all facets of design and implementation of IP and analog camera systems
- Demonstrate proven experience in troubleshooting and repairing large integrated security systems
- Effect change, as required, to operations and systems
- Read and interpret site plans and wiring diagrams to a high standard
- Have experience working with Firelite, Keri and S2 security systems

Short-listed candidates will be skills tested.

Please apply in writing via fax or email no later than **November 12, 2015** to:
