Fire Protection Working Foreperson

Our client, **Mirenda International Inc. Ltd.**, is a local fire protection firm seeking a qualified **Fire Protection Working Foreperson**.

The successful candidate will be responsible for managing small teams of fire protection installers and the installation, retro-fit and maintenance of life safety fire protection systems, including diesel fire pumps and special hazard systems.

Additional responsibilities include:
- Commission both standard and special hazard fire protection systems, as well as fire pumps
- Schedule and supervise daily and weekly work tasks
- Lead meetings with crew members and participate in weekly job site safety and coordination meetings with other trades people

Minimum Qualifications, Skills & Experience:
Applicants must have 3 - 5 years experience as Senior Sprinkler Fitter and a proven track record for delivering high quality installations efficiently. Strong project management skills to ensure completion to deadline; managing aggregated and individual project inventory; and escalating issues as appropriate. Demonstrated ability and willingness to train and mentor designates is also required. Must be capable of standard construction labor as work requires some physical strength and dexterity, often involves heights.

The successful candidate must have a minimum education level of Grade 12 and possess competencies in: trade-related math; drafting and blueprint reading; safety; tools of the trade; welding; rigging and scaffolding. Licensed Fire Protection Installer and/or formal training such as N.I.C.E.T. preferred.

Interested? Please email jobs@expertise.bm.

All enquiries will be dealt with in strict confidence.

Closing date: January 22, 2016
