

SERVICE MANAGER

The successful applicant must have experience working in a busy Automotive Service operation, with strong customer-service orientation, strong leadership skills, strong in trouble shooting solutions and strong in financial evaluation and training.

Candidate must have-

- Minimum 5 years Peugeot experience with at least 3 years as Technical Adviser
- Completed Peugeot required training courses
- Experience to ensure optimal operation of the After-Sales service
- Experience to manage material resources
- Willingness to work weekends when required in order to meet deadlines.

This is a 'hands-on' position doing troubleshooting and filling-in when busy or shorthanded and training apprentices.

Please apply immediately in writing with your qualifications and at least two references of work experience to:

Trade & Industry Services Group

P.O. Box HM 31

Hamilton HM BX
