## Senior Analyst, Regulatory Reporting and Investment Accounting

Our client, Aspen Bermuda Limited, is a class 4 reinsurance company operating in Bermuda. We write a significant book of property treaty reinsurance and a limited amount of casualty and management liability insurance. We have a reputation for progressive management and a flexible, client orientated approach, underpinned by global underwriting expertise. We invite applications for the position of Senior Analyst, Regulatory Reporting and Investments Accounting, reporting to the Deputy Financial Controller. The role requires a meticulous and responsible individual, with strong organisational skills and attention to detail and accuracy.

### Duties & Responsibilities:

- Preparing and reviewing investment disclosures for the quarterly and year-end financial statements for the Company in accordance with US GAAP and SEC requirements
- Preparing cash and investments disclosures for the quarterly and year-end statutory filing for our UK subsidiaries in accordance with Solvency II requirements
- Serving as a key member of the team, responsible for regulatory compliance and statutory reporting in Bermuda with respect to Group and Bermuda entity filings, in accordance with Bermuda Monetary Authority requirements
- Acting as Finance projects team leader, directing the development of efficiencies and best practices
- Documenting, maintaining and enhancing internal controls and workflow
- Assisting in the development of management information, underwriting analysis, analysis of financial results and the explanation of budget variances when required
- Assisting in monthly financial closing process, when required, to meet group and local reporting deadlines
- Coordinating with internal and external auditors during the quarterly and annual review process
- Ad-hoc analysis and projects as required

### Minimum Qualifications, Skills & Experience:

- Internationally recognized accounting designation (CA, ACA, or CPA)
- Minimum of 5 years post-qualification experience and minimum of 3 years experience in the insurance/reinsurance industry
- CFA designation would be an asset
- Proficiency with investments accounting and reporting is essential
- Strong practical experience in US GAAP relating to investments including the investment reporting requirements of the SEC, Solvency II and BMA
- Practical experience in BMA regulatory reporting, including a thorough understanding of the Economic Balance Sheet framework
- Technical proficiency with Microsoft Excel essential (Advanced Level)
- Proactive, self-motivated with a team orientation
- Strong cultural fit and ability to build lasting relationships across the Group with a diverse range of individuals
- Demonstrated ability to meet tight reporting deadlines

This is an excellent opportunity to join the well established Bermuda office of a successful insurance and reinsurance company. To apply, please send a covering letter and résumé marked private and confidential to the:
