

WORK FOR A BUSINESS THAT CHALLENGES CONVENTION

We're looking for

Controller, Hiscox Re Insurance Linked Strategies.

About the role and responsibilities

This is an exciting opportunity to work at the forefront of the Insurance Linked Strategies (ILS) industry with a successful and growing Bermuda-based investment manager, within the framework of a leading global reinsurer. This role will be an integral part of a small, fast-paced team helping to actively contribute to the on-going growth of the ILS business unit. The successful candidate will be responsible for the Manager's valuation and financial reporting function, including its flagship Kiskadee ILS Funds and managed accounts. We are looking for a team player with excellent communication skills and a real drive to be part of the success of our business. The position will report directly into the Hiscox Re ILS Chief Operating Officer but there will be a level of co-ordination with the Hiscox Re finance team for Hiscox Re and Hiscox Group accounting purposes.

About you

To fit this role, we are looking for candidates with the following qualifications, skills and experience:

- bachelor's degree (preference would be given to accounting, finance or other relevant numerate field)
- a professional accounting designation (CA, CPA, ACCA or international equivalent) In addition, preference will be given to CFA charter holders
- minimum seven years of post-qualification experience
- fund and reinsurance accounting experience including a strong understanding of fair value accounting for large, complex portfolios of level three ILS assets
- strong working knowledge of US GAAP as it relates to ILS funds and (re)insurance industry
- high proficiency in general ledger systems and Microsoft Office suite
- strong communication skills and knowledge of governance, including writing and preparing reports for boards and executive committees
- solid track record in people management and development, with a genuine interest in leading and getting the best out of others
- demonstrable command of finance, advanced analytical techniques, statistics and IT skills and who can apply rigorous attention to detail to provide insights into a growing business.
