

Ultrasound Technologist / Sonographer

An experienced Ultrasound Technologist / Sonographer is required with at least five years' experience in addition to an Associates or Bachelor's degree in Medical Imaging. An ADRMS certification in breast, OBGYN and abdominal ultrasound is required in addition to experience in performing a full range of diagnostic examinations including breast and prostate biopsies. The successful candidate will work a flexible 40 hour week Monday - Saturday, based on the operational needs of the Centre; and will enjoy the benefits of a small team-oriented facility.
