

We're hiring Insurance Manager

A new position has arisen for an Insurance Manager to join our client, Nautilus Indemnity Holdings Limited, a Bermuda based captive insurance company that provides professional indemnity insurance to one of the world's leading professional services organisations. This role will report to the Chief Underwriting Officer and will be responsible for the day-to-day maintenance and operation of the underwriting model.

Role and Responsibilities:

- Assist the Chief Underwriting Officer in the calculation of premiums and preparation of policy documents
- Distribute renewal questionnaires to insured
- Ensure the accuracy and completeness of all data used in the underwriting process, including communication with the insured
- Liaison with insurance and reinsurance partners
- Maintenance of underwriting department control documentation
- Preparation of management reports and presentation materials for board and committee meetings
- Assist with data entry and ad hoc administrative support

Required Qualifications and Skills:

- A Bachelor's Degree; Insurance, Accounting or Math related majors are advantageous but not required
- Minimum of 5 years' insurance industry experience preferred
- An industry related professional qualification (ACII or CPCU) is preferred
- Advanced Microsoft Office skills; in particular Microsoft Excel
- Must have high numeric literacy and attention to detail
- Excellent written and verbal communication skills
