

MECHANICAL ENGINEER—BUILDING SERVICES

IEPC Limited and its parent company, AG Holdings Limited, are both wholly-owned subsidiaries of Ascendant Group Limited. IEPC Limited is pleased to invite applications from suitably qualified and experienced individuals for the position of Mechanical Engineer—Building Services. The Mechanical Engineer—Building Services is responsible for assisting and advising on all matters related to mechanical systems in buildings, such as HVAC, fire protection and plumbing.

Key Job Responsibilities include, but are not limited to:

- ◆ Providing engineering support and solutions for new and existing mechanical systems; liaising with coordinating specialist engineering colleagues, consultants and vendors as required;
- ◆ Preparing technical reports in support of assessment findings, recommendations and design solutions;
- ◆ Preparing mechanical designs including mechanical drawings, cost estimates and schedules;
- ◆ Developing and managing projects from initiation through to closure including planning applications, preparation of tender documentation and evaluation of tenders;
- ◆ Supervising and commissioning assigned projects and ensuring proper project hand over including as-built documentation and occupancy certificates;
- ◆ Keeping abreast of current local and international mechanical engineering standards, trends and technologies, and continually bringing leading edge solutions for mechanical issues; and
- ◆ Supporting the training and development of employees.

Key Job Requirements:

- ◆ Bachelor of Mechanical Engineering Degree from a recognized university or equivalent qualification
- ◆ Registered as a Chartered or Professional Engineer
- ◆ Minimum of five (5) years of experience
- ◆ In-depth knowledge of applicable engineering Codes, Standards and Regulations
- ◆ Working knowledge of Government Health & Safety legislation and regulations
- ◆ Knowledge of best industrial practices related to mechanical engineering, with specific reference to international standards of specifications and technological trends
- ◆ Proven track record of successful projects, excellent project design and project management. Project management professional (PMP) certification or equivalent would be an asset.
- ◆ Strong technical, problem-solving, analytical and interpersonal skills
- ◆ Proven ability to coach, mentor and develop others
- ◆ Must be a highly motivated and flexible team player

IEPC Limited is a drug and alcohol free environment, and as such, requires all successful applicants to successfully pass a pre-employment drug and alcohol screening prior to an offer of employment.

Application deadline: April 14th, 2017
