

For over 30 years, Applied Computer Technologies has been a leader in the Bermuda Marketplace offering a large portfolio of technology products and services to fit the evolving needs of our customers. We believe in building strong relationships with our clients and partners, leveraging market leading technologies and services to achieve success.

Applied Computer Technologies is currently seeking a highly qualified and experienced professional capable of identifying and delivering various technology solutions that meet the strategic business needs of our clients.

## Senior Systems Engineer

As a member of our rapidly expanding professional services team, the successful applicant will be involved in all aspects of projects, including pre-sales needs analysis, systems design, proposal preparation and presentation, project scheduling, systems implementation and support. To be considered for this position you should have solid, recent experience and qualifications in the following areas:

- A minimum of eight years' experience in a senior consultant technical role
- Experience working on multiple clients simultaneously
- Experience working for IT Solutions Providers
- Advanced experience with Microsoft Active Directory
- Demonstrated experience in the design, architecture and implementation of large scale Exchange installations across multiple sectors
- Proven experience with backup technologies including NetBackup
- Architectural experience and deployment expertise with Skype for Business
- Experience in the implementation and management of Barracuda technologies
- Ability to effectively diagnose and repair a wide variety of IT issues including, but not limited to: Microsoft Exchange, Citrix, VMWare, and RSA
- Demonstrated experience in the development of architectural best practice guidelines and establishment of standards
- Exceptional and demonstrable consulting, customer service and relationship building skills, with the ability to interact well with a wide range of people
- Excellent written and verbal communication skills, with the ability and drive to complete reports in a timely manner
- Ability to work shift work, including nights and weekends

Interested candidates should apply in writing, referencing the position you are applying for, with a resume, no later than May 5, 2017 to:
