

## **Sailing and Expeditionary Learning Teacher**

Bermuda Education Network (BEN) is a registered charity whose mission is to support students and teachers in Bermuda's government schools. We are currently seeking an experienced teacher to teach sailing and watersport programs and support all aspects of our Horizons program. This is a one year position commencing summer 2017.

### **Key Responsibilities**

Teaching Sailing and Watersports and Saturday expeditions both on shore and on water and managing all aspects of the program including enrolment and co-ordination with schools, parents and our partners AC Endeavour and Sandys Boat Club. Supporting the Horizons Program Director with devising curriculum, collecting data related to student performance, producing reports and evaluating impact. Leading expeditionary learning workshops for parents and other educators. Conducting research into benefits of expeditionary learning for disadvantaged students.

### **Qualifications and experience required**

- Bachelors Degree in Sports Education
- At least 5 years formal teaching experience in P.E. including at elementary level
- Royal Yachting Association senior dinghy instructor certificate and powerboat and first aid certificates.
- Prior experience leading sailing programs and managing assistant coaches
- Excellent communication and organizational skills

**Closing date: 26 May 2017**
