

## Spare Parts Apprentice

Weir Enterprises Limited has an opportunity for an individual that is seeking a rewarding and challenging career within the automotive industry. The successful incumbent will work in the Weir's maintenance garage division alongside a team of automotive professionals.

As a Spare Parts Apprentice, you will be afforded with the prospect of becoming ASE certified within Spare Parts through a structured program geared toward classroom and on the job training.

The Spare Parts Apprentice will be expected to:

- Provide parts information by advising our customers of the selection and purchase of the correct parts.
- Manage and process returns of motor vehicle parts.
- Answer telephone queries professionally.
- Receive unpack and locate parts from vendors and suppliers.
- Relocate, re-label and rearrange storage bins and racks.
- Deliver stellar customer service.
- Must be able to work Saturday mornings.

If you are interested in training for a rewarding career in the spare parts industry we at Weir Enterprises would like to hear from you.
