

FAMILY CENTRE

is seeking a

Director of Specialized Training and Assessment

The Family Centre is seeking a director who will be responsible for designing, developing and implementing instructional material for training courses that support the needs of Human Service Providers. The Director of Specialized Training and Assessment also administers, coordinates, and may supervise psychological testing for children and early adolescents and community-wide systemic assessment.

Candidates must have a minimum of a master's degree from an accredited college or university in school psychology; PhD. Preferred. Must be registered as a Bermuda Psychological Practitioner with a minimum of three years experience in administration of psychological testing and instructional training. This position requires a minimum of three years experience as a direct services provider and 1 year of administrative experience ensuring COA standards. This position also requires a professional certification in the delivery of Therapeutic Crisis Intervention.

Responsibilities include:

- Developing a curriculum, including definition of training objectives
- Developing modules, including justification of training strategy and selection of media
- Analysis of the target population
- Remaining current of training technologies
- Facilitating Therapeutic Crisis Intervention training
- Training and facilitation of therapeutic team meetings in community settings
- Development and delivery of child development behavior workshops for educators, counsellors and care workers in the human service field
- Ensuring that continuing education accreditation standards are met; establishing structure and standards based on COA best practice model while taking into consideration APA standards
- Developing and maintaining a certificate in therapeutic programme training
- Budget development
- Evaluation of training workshops
- Development and Delivery of Assessment Tools
- Delivery and oversight of Psychological Assessments
- Maintaining Best Practice Procedures and PQI
