

JUNIOR TECHNICIAN

Bermudian business requires a Junior Technician to join our very busy team. This is an entry level position with hands-on training provided locally and overseas – for self-maintenance of in-house, sold / leased wide format equipment.

Equipment includes printers, photo copiers, cutters, laminators, laser etchers, embroidery machines, etc. Applicants must possess a keen interest in technology and demonstrated competency in the use of computers.

Equipment maintenance may not be full time, therefore a willingness to help in other areas of the business is required. Applicants must be able to work under pressure in a fast paced environment. The ability to problem-solve and research possible solutions is key.

The nature of the job may require work on evenings, weekends or holidays when machines are not being operated.

Please submit applications in writing with references to:
