Advisory – Associate/Senior Associate

Opportunities are at the heart of a career with Bermuda's leading professional services firm. Be part of a learning culture where teamwork and collaboration are encouraged, excellence is rewarded, and unparalleled coaching and career development programmes are provided.

Our growing Advisory practice delivers value to clients through its Consulting and Deals propositions. We are currently seeking a talented qualified accountant who can support the delivery of our work to a local and Caribbean wide client base.

This varied and often client facing role will entail supporting public and private sector Consulting projects, such as organisational redesign as well as Deal activity including business reviews, M&A support and restructuring assignments.

As an Advisory professional with PwC, you will be part of a team seeking to add tangible value to clients through our insights and delivery. The successful applicant will also be expected to apply their financial and analytical experience to support client on-boarding, and to manage financials as well client and business development work.

Responsibilities will include and are not limited to:

- Utilisation of the Microsoft suite of applications such as Excel, Word and PowerPoint;
- Drafting quality client deliverables, focused on client needs;
- Using data management/manipulation and business intelligence activities to address client issues;
- Multi-tasking and balancing time effectively, including self and upwards management;
- Building solid and collaborative relationships with team members and fostering a productive teamwork environment;

Capabilities/Skills Required:

- Undergraduate degree essential plus 1–5 years of relevant experience and an internationally recognized accounting designation. Candidates with 3+ years relevant experience may be considered at Senior Associate level (preference will be given to those candidates with professional services experience - either Big 4 accounting or law firm experience).;
- Thorough knowledge and skills through proven success in relevant industry or functional experience ("Big 4" firm Advisory practice is preferred);
- Experience of (re)insurance/Financial Services an advantage;
- Questioning commercially driven mind-set;
- Excellent communication skills and business acumen essential.
- Ability to learn and apply PwC's standard approaches, methodologies, tools, and techniques, and meet objectives consistently and reliably;

While focused on the local market, this position requires flexibility and desire to travel to other Caribbean territories, as client assignments require.
