Specialist Electrical Fitter

Bermuda Electric Light Company Limited (BELCO) invites applications from suitably qualified and experienced individuals for the position Specialist Electrical Fitter. The Specialist Electrical Fitter is responsible for erecting, operating and maintaining switchgear and other substation equipment, in particular switchgear up to 34.5kV.

Key Job Responsibilities include, but are not limited to:

- Install, commission, test, operate and repair transmission and distribution equipment
- Perform maintenance, periodic inspections and troubleshoot faults
- Lead team and allocate work
- Maintain records of all maintenance and repairs
- Provide guidance and training to lower grades and apprentices

Key Job Requirements:

- A minimum of five (5) years post apprenticeship experience in the installation and maintenance of electrical machinery and control systems preferably in an electrical utility
- Technical Qualification such as NVQ Level 3, City and Guilds (Part II), BTEC ONC or the equivalent in Electrical Engineering Technology or related discipline
- Knowledge of Microsoft Office suite
- Strong analytical and problem-solving skills
- Good written, verbal and interpersonal skills with the ability to liaise with coworkers, supervisors and customers
- Strong leadership skills with proven abilities in on-the-job training, assessment and coaching
- Able to interpret technical drawings and manuals of various standards

If your experience matches this role please forward your cover letter and resume to:
