

**TLC Homecare Ltd. is seeking a qualified
Home Care Registered Nurse (RN)**

Interested persons must possess a wealth of compassion and consider being present during end of life care as a privilege and intend to neither hasten nor postpone death.

Key Responsibilities will include:

- Supervising, coordinating and contributing to the efficient functioning of TLC Homecare, co-ordination of patient care, staffing allocation and/or the use of other resources as required.
- Having the knowledge, skill and judgement needed to provide competent, evidenced based nursing practice which may include IV administration and assistance in Nursing homes.
- Providing all aspects of nursing care as medically required and ensure the use of equipment and supplies in a safe and economical manner.
- Providing clinical leadership particularly in complex or unpredictable patient care settings.
- Offering specialized knowledge and skills in caring for clients with life threatening illnesses.
- Initiating patient care conferences communicating between patient, family and other members of the health team.
- Integrating the psychological and spiritual aspects into the care program for the client, while offering support to help clients live as actively as possible until death.
- Ensuring responsibility of professional development by participating in educational programs and keeping current with nursing practice and conduct as defined in the Standards of Practice for Registered Nurses and the Bermuda Nursing Council.
- Offering support to the family during the client's illness and throughout the bereavement process.
- Using appropriate lifting techniques to lift and carry.
- Promote TLC Homecare to Bermuda's population and assist with market penetration.

Required Qualifications & Experience:

- Registration as a Registered Nurse with the Bermuda Nursing Council.
- Valid First Aid, CPR and IV Certifications.
- At least one years' experience caring for seniors and end of life patients.
- At least one years' experience in palliative care.
- Experience in physical assessment.
- Excellent assessment, teaching, problem solving and communication skills.
- Have and employ knowledge of MatrixCare Program.
- Ability to adapt and learn quickly.
- Must possess a Police Criminal Record Check and a valid Bermuda driver's license.
- Demonstrated ability to work collaboratively in an interdisciplinary team.
- At least 3 references from previous employers and/or work colleagues.
- Strong oral, written and interpersonal communication skills.
- Willing to work 24/7, weekends and holidays.

Please apply in writing no later than 28 December 2017 to
