QUEST

Quest Consulting Limited is a leader in supplying information technology consulting services to small/medium businesses, Internet Service Provider's and enterprise companies. Quest continually partners with clients to achieve business and organizational goals through efficient and innovative technology solutions. Our consultants are characterized by their expert technical skills, strong business analysis expertise, adaptability to diverse environments, and unsurpassed client satisfaction.

PRIMARY RESPONSIBILITIES:
The IT Consultant will be responsible for supporting clients with complex Microsoft Active Directory infrastructures secured by business-class firewalls that require efficient business continuity configurations. The successful candidate will also be responsible for the installation and configuration of client servers, firewalls, switches, routers while being required to document and track changes.

The candidate fulfilling this role will also execute daily maintenance procedures, troubleshooting and problem management along with device configuration and standards compliance maintenance.

The successful candidate must possess an understanding of enterprise corporate network environments, along with an expert-level technical ability. They must also have the ability to guide and influence peers and organizations towards optimized, measurable and structured improvement. This role requires exceptional hands-on technical abilities with excellent verbal and written communication skills.

REQUIRED QUALIFICATIONS:
- Bachelor's Degree
- 5+ years of IT/IS experience using Enterprise Microsoft Technologies
- 3+ years' experience in routing and switching networks
- Microsoft Certified Systems Engineer (MSCE) 2016 Certification
- Expert-level knowledge in Microsoft ADS 2016 & Exchange 2016
- Exceptional writing skills and knowledge on how to construct IT related functional specifications, business processes, and policies.

DESIRED QUALIFICATIONS:
- Prior consulting company experience
- CCNA Certification (Cisco)

Closing Date: January 13th, 2018
