General Manager

BAS Group is seeking a General Manager to lead the CCS Group Limited Team. As leader within the CCS Team and reporting directly to the BAS Group CEO, the successful incumbent will have oversight of the strategic, operational and financial aspects that drive business results. This includes collaborating with Senior Executives and the Board of Directors in the development of strategic plans for business growth both on a short and long term basis.

Additionally, the General Manager will operate as Management Partner, working alongside the BAS Group CEO to facilitate the integration of CCS into the broader corporate objectives with a view to promote the cross utilization of resources and expansion of internal customer relationships.

Duties & Responsibilities include:

- **Client Relationships & Business Development-** Demonstrate key competencies that drive new business development activities whilst maintaining solid relationships with existing clients, service providers and vendors. Additionally, establishing and refining high standards of service, internal processes and procedures.
- **Revenue & Profitability-** Develop CCS' profitability plans and long term objectives, inclusive of annual and quarterly business and budget planning.
- **Engagement & Influence-** Must be able to inspire team to unleash their passions and talents around a shared vision, coupled with a positive influence on team thus sparking motivation and engagement.
- **Innovation-** Must incubate and incentivize creativity and innovation by supporting experimentation and learning across the team.
- **Communication & Collaboration-** Must foster alignment by communicating activities, resources and priorities. This includes sharing results, insights and best practices across the company.

Minimum Qualifications, Skills & Experience:

- 10 Years' experience leading teams in a highly innovative Information Technology environment
- Bachelor's Degree in an IT related industry coupled with relevant technical qualifications
- Demonstrated ability to accomplish financial objectives by forecasting requirements; preparing an annual budget, scheduling expenditures, analyzing variances and initiating corrective action
- Demonstrated ability to successfully lead and engage team from a technical and employee engagement perspective, assess company performance and devise remediation plans
- Exceptional interpersonal skills in areas such as teamwork, facilitation and negotiation
