

# ARMOUR

ILS Investment Management Limited (ILSIM), the Bermuda based asset manager of Armour Group is seeking an Internal Audit Manager.

## *Responsibilities include:*

- Directing and assisting with the scoping, planning, documenting and testing, to support Solvency II and Sarbanes-Oxley compliance.
- Ensuring that the Group is in compliance with its local and overseas regulatory requirements.
- Working closely, and building strong relationships with stakeholders, to ensure the efficient running of internal audit, risk management, compliance, and external audit.
- Developing the Internal Audit Plan, detailing areas of focus.
- Conducting audits to monitor management's interventions, and report on the performance of audits.
- Preparing reports for presentation to the Audit Committee.

## *Qualifications and skills required:*

- Previous experience in a similar role within the insurance and/or reinsurance industry.
- Previous experience in performing group wide risk assessments and developing internal audit programmes.
- Identifying, assessing, controlling, and responding to the risk and control framework.
- Thorough understanding of business processes, systems and controls and the ability to document, and test these processes.
- Professional accountancy qualification (CPA or equivalent) with a minimum of 5 years post qualification experience.
- Qualifications in internal audit, compliance or risk management would be preferred.

Candidates may be required to periodically travel to overseas offices.
