

CORREIA CONSTRUCTION COMPANY LTD.

Requires

SPECIALIZED STEEL ERECTORS

Correia Construction Company requires Specialized Steel Erectors for our current projects. Applicants must be able to demonstrate a wide range of skills including rebar placing, prefabrication of rebar mats and cages, laying metal deck and erection of structural steel and welding. The ability to read architectural, structural and rebar drawings is required. Applicants will be expected to supervise and lead a small crew.

The successful applicants will be self-motivated individuals, good timekeepers and have a flexible approach to work. We require individuals with a professional attitude to Health and Safety and pride in the site. They will have a proven track record working to demanding time schedules. Applicants with at least five years' experience need only apply.
