## VRF/Ductless Split HVAC/R Installation Technician

Our client, Bermuda Air Conditioning Ltd., is seeking to employ a qualified VRF/Ductless Split HVAC/R Installation Technician. The successful candidate must be an experienced self-motivated individual with excellent interpersonal skills.

### Duties & Responsibilities:

- Install and commission, service, and maintain Heating, Ventilating, Air Conditioning and Refrigeration (HVAC/R) Systems, including Variable Refrigerant Flow (VRF) and Chilled Water Systems
- Installation duties to include layout, installation, and pressure testing of refrigerant, water and condensation piping, plus control wiring and systems
- Train and direct other HVAC/R technicians and apprentices in the installation and servicing of VRF/Ductless Split & HVAC systems
- Work to tight deadlines on multiple projects, including overtime work when required
- Perform engineering and administrative functions as required

### Required Qualifications & Experience:

- A minimum of 5 years experience installing and servicing Variable Refrigerant Flow (VRF/Ductless Splits systems) and HVAC/R systems in both residential and commercial buildings
- Proven experience in setting out, installing and commissioning air conditioning equipment, with minimum supervision

### Preferred Qualifications & Experience:

- Must be able to work successfully with Architects, Engineers, other Contractors and Owners on major projects, alongside our highly motivated staff, in a professional manner
- Excellent workmanship

Interested? Please email [jobs@expertise.bm](mailto:jobs@expertise.bm). All enquiries will be dealt with in strict confidence.

Closing date: April 4, 2018
