

Actuarial Senior Consultant

Our client, Towers Watson (Bermuda) Ltd (“Willis Towers Watson”), is a leading global advisory, broking and solutions company that helps clients around the world turn risk into a path for growth. We design and deliver solutions that manage risk, optimize benefits, cultivate talent, and expand the power of capital to protect and strengthen institutions and individuals. The Insurance Consulting and Technology business of Willis Towers Watson has been Bermuda’s premier actuarial consultancy company for over 35 years and has played a crucial role in the development of Bermuda’s insurance industry.

The Company invites applications for the position of Actuarial Senior Consultant.

Duties and responsibilities:

- Directly contribute to client projects through applying technical actuarial expertise
- Develop a trusted advisor relationship with client contacts through effective communication and efficient, quality execution of projects
- Deliver superior, consistent project management for assigned clients
- Draft statements of work, project plans and budgets involving multiple workflow streams and client teams
- Serve as the day-to-day project lead, ensuring the progress of the team against established objectives, budget, timeline, deliverables and quality standards
- Perform technical and peer reviews of work products
- Contribute to the development of new tools and approaches
- Lead and support the generation of new business as part of the broader team
- Serve as mentor to junior project team associates

Required skills and qualifications:

- Undergraduate degree
 - Fellow of Casualty Actuarial Society, Institute and Faculty of Actuaries or equivalent professional qualification required
 - Ten years or more of actuarial experience, including experience in actuarial consulting
 - Knowledge and experience with insurance and reinsurance including loss reserving, pricing and risk management
 - Proven experience leading teams, managing multiple projects and producing quality deliverables on time and within budget
 - Proven ability to generate new business
 - Technically proficient in Excel and financial modelling software (preferably Igloo) and working knowledge of MS PowerPoint and MS Word
- Hardworking, willing to put in extra hours to meet deadlines and availability to travel on an as needed basis

Closing date: 11 April 2018
