Associates in Integrated Health Notice of Intent – Membership Based Healthcare

Dear Valued Patients,

As of June 1st 2018, the medical practice of Dr. Henry S. Dowling, Associates in Integrated Health will be introducing Direct Primary Care (DPC). This practice model operates under the principle that the physician/patient relationship is essential in providing high-quality, personalized care, and the doctor works for the patient and not for the insurance company.

This method also allows for increased access to your doctor. As part of the transition, the medical practice will move from an insurance based practice to membership based healthcare. Direct Primary Care **patients will pay monthly fees for 24 hour access at an all-inclusive rate.**

Information sessions will be held at AiIH, 44 Point Finger Road during the month of May. If you are interested or have any questions about Direct Primary Care feel free to contact our office at 296-7296 or email us at office@aiih.net to register.

We look forward to providing you the care you expect and deserve!
