

## FINANCIAL ANALYST

**One Communications (“One”)** is currently seeking applicants for the position of Financial Analyst. Reporting to the Operational Analyst, the successful applicant will be responsible for assisting the FP&A team in all matters pertaining to analysis for One Communications and its subsidiary companies.

### Responsibilities and Duties include (but are not limited to):

- Assisting the FP&A team in supporting management’s needs for data analysis, subscriber trends, operational KPI’s, capital budgeting, reporting, monthly variance analysis, and ad hoc financial/business analysis to help drive business decisions.
  - Present analysis on financial results such as trends, performance metrics, benchmarks, etc.
  - Partnering with the finance teams at several of ATNI’s subsidiaries in order to be a conduit of information and to provide assistance to them with financial analysis, forecasting, reporting, and capital budgeting.
  - Partnering with ATNI’s accounting, operations, business development, human resources, and legal teams to provide financial support as needed.
  - Preparation of recommendations to senior management for opportunities of new business and costs savings where applicable.
- Ability to manage projects and processes, and to create insightful analyses independently.
  - Excellent interpersonal and communication skills.
  - Proven ability to meet tight deadlines
  - Team player, and detail-oriented.

### EDUCATION and/or EXPERIENCE

- Bachelor’s degree in finance or business with at least 2 years’ experience gained in an analytical role.
- Advanced Microsoft Excel and spreadsheet analysis skills.
- Experience in the telecom industry is desirable, but not required.
- Experience with the NetSuite accounting application and the Clariv reporting tool are a plus.

*We offer a dynamic and rewarding working environment along with a competitive compensation package. If you possess the requirements for the position and this sounds like the challenge you’ve been waiting for, please apply via email with a cover letter and detailed resume to [hr@onecomm.bm](mailto:hr@onecomm.bm)*

### SKILLS AND ABILITIES

- Advanced Microsoft Excel skills and database tools
- Demonstrated understanding of analysis of data and financial reports and ability to present to senior management.
- Demonstrated ability to work effectively with all levels of management across multiple organizations.
