

THE CATALYST GROUP LIMITED  
Innovative. Invested. Indispensable.

**On the behalf of our client, Atlantic Construction Limited,  
we seek a: Project Engineer / Estimator**

The applicant must hold an Engineering Degree with at least 10 years' experience in a Senior Project Engineer role, able to communicate with architects, engineers and clients. The PE will project lead a number of high end residential and commercial projects across Bermuda. The PE will plan and execute a plan schedule, allocate and manage resources, manage budgets and contract payouts, and support the pricing and procurement efforts of Atlantic Construction. He/She will prepare project documentation, including RFI's and technical bid compilations. Must be highly proficient with the Microsoft Office suite, able to manage multiple priorities and tight deadlines and generally enjoy a fast paced entrepreneurial environment. To the right individual, an attractive rewards based compensation plan is on offer.

Qualified applicants are invited to submit a resume, copies of all relevant qualifications, and at least 2 professional references to [resumes@catalyst.bm](mailto:resumes@catalyst.bm). Close date: 11 August, 2018.
