

Xerox Digital Printing Analyst

We are seeking a highly motivated and technically astute individual to fill the role of Xerox Digital Solutions Analyst. The candidate must possess a minimum of 5 years technical experience with Xerox digital systems, software and solutions, as well as a thorough working knowledge of Windows XP, NT, Novell and Unix environments. CompTIA A+, Network +, and MCP accreditations are a requirement.

Responsibilities include the installation of hardware and software on our customers' networks and the ongoing support of these systems and solutions together with servicing Xerox printing solutions. Perform product demonstrations covering full range of functionality and competitive advantages, account reviews and preparation of detailed and accurate quotes for customer information sufficient to secure customer orders. Also included is the troubleshooting, repair and maintenance of our complete product line.

If you are an energetic individual with proven customer interaction skills who is entirely devoted to exceptional customer service, then please send your resume to Kay Dutton at kdutton@afsmith.bm or P.O. Box HM 1603, Hamilton HM GX

Closing Date: 18th Aug, 2018
