Financial Controller

Finance & Currency Operations Department

Bermuda Monetary Authority is seeking the services of a skilled and qualified individual to perform the duties of Financial Controller. Reporting to the Head of Finance, this position is responsible for implementing the financial strategy of the Authority and leading on all aspects of financial control. This involves financial and management reporting, financial planning, budgetary control and staff supervision. The Financial Controller is also primarily responsible for ensuring there are adequate controls in place to minimise the Authority's exposure to risks in relation to these activities, and maintaining firm compliance with the appropriate financial and accounting requirements.

This is a key role for the Authority and the post-holder will be responsible for but not limited to:

- Managing finance team activities including financial and management reporting/analysis, budgeting, forecasting, billing, and accounts receivable and payable
- Deputising for the Head of Finance and Currency Operations with regards to the management and oversight of the currency and vault operations, ensuring adherence to policy and internal controls
- Providing support in the coordination and management of the currency and vault operations while adhering to policy and internal controls
- Driving operational efficiencies and improvements with specific focus on utilising technological solutions to maximize performance capacity
- Building, developing and maintaining positive working relationships with both internal and external clients, entities and vendors
- Advising the Authority on all aspects of financial management responsibilities, and conducting financial modelling and analysis as needed to support recommendations
- Ensuring all financial, management or procedural systems, and internal and risk controls, are reviewed, maintained and updated where necessary
- Overseeing the orderly maintenance of the Authority's records of incomes, expenses and assets and liabilities

This position requires a proven business background. Therefore, the post-holder must have:

- An Accounting designation (CA, CPA or equivalent) from a recognised institution or professional body
- A minimum of ten years' post qualification experience in the financial services industry and/or with a financial regulatory body, of which at least five should be at a senior level
- The ability to work independently and perform well under strict deadlines
- Advanced knowledge of Microsoft suite of products and preferably a working knowledge of Great Plains
- Good oral and written communication skills, in addition to excellent organisational skills
- The ability to work well as part of a small team responsible for handling sensitive information
