

### **Responsibilities:**

We are seeking an intelligent, hardworking software developer with a creative mind to join our technology team based in Bermuda. The successful candidate will be part of the team responsible for developing our new Trading System, maintaining Orbis' in-house proprietary technology platforms and integrating in-house systems with 3rd party financial service provider products. The successful candidate will need to be confident in designing and implementing robust and scalable software architectures. There's potential to tailor the role to a candidate's experience.

### **Technical Qualifications:**

- Possession of an excellent academic record and, at a minimum, a Bachelor's Degree from a reputable university in a Computer Science or Engineering related discipline.
- A minimum of two years of software development experience
- Outgoing and cooperative personality, with excellent communication skills
- Passionate about software architecture, systems development, and technology in general
- Excellent programmer in one or more of these languages: VB.Net, C#, Java, C++
- Experience with Relational Database Systems
- Experience with the following technologies is highly preferred: Messaging and event processing, multi-threaded client/server applications, distributed databases
- Software development experience in the financial sector is beneficial.

### **What We Offer:**

We strive to attract talented individuals who have demonstrated the ability to excel in a challenging environment; the remuneration package will reflect this and will be heavily influenced by performance.

### **Instructions for Application:**

If you believe that you possess the experience and have the potential required to excel in this role, please apply in writing with a detailed résumé and cover letter to [opportunities@orbis.com](mailto:opportunities@orbis.com) or hand deliver an application to:

### **The Company:**

Orbis is a global, privately owned investment firm, managing in excess of \$30 billion of assets, headquartered in Bermuda with offices across four continents and over 400 professionals. We have been creating long-term value for our clients since 1990. Our investment philosophy is fundamental, long-term and contrarian, and we are uniquely structured to encourage bold but considered decisions, even in times of stress. As a firm, our business model requires us to deliver meaningful outperformance to our clients.

We believe that to generate better long-term returns than the market, you need to do things differently to others in it.

Do you?
