

Apple Technical Specialist

We are seeking a qualified Apple Technical Specialist. Your purpose is to maintain customers' trust in us as the skilled expert, troubleshooting and repairing products. You use problem-solving and people skills to assure customers of swift resolutions to their technical problems.

Key Qualifications

- Apple Certified iOS Technician and/or ACMT certified
- Strong people skills and a knack for quick problem diagnosis
- Proven ability to solve technical issues on Apple products
- Excellent time management skills
- Ability to work weekends

Should you wish to be considered for this post, please contact Kay Dutton at kdutton@afsmith.bm or P.O.Box HM 1603 Hamilton HMGX

Closing Date: 24th September, 2018
