

Underwriter

Close Date: October 15, 2018

Reporting to the Senior Underwriter of Specialty Reinsurance, this role is responsible for assisting with the underwriting and management of the Specialty Reinsurance Portfolio. The role requires a dynamic and ambitious individual with strong analytical and interpersonal skills.

DISCOVER your opportunity

What will your essential responsibilities include?

- Support the underwriting strategy and specialty underwriting processes by providing analysis and quantification of risk exposures, coverage and contract language.
- Attend client/broker underwriting meetings, developing positive professional relationships and effectively representing the department as required.
- Perform portfolio management, data analysis and other quantitative exercises, including the development of presentations, as needed.
- Assist with the development and testing of core applications and operations of the department.
- Produce and present underwriting reports and support with business planning initiatives and claims analysis as required.
- Responsible for data processing within underwriting pricing and exposure systems throughout the life cycle of a contract.
- Timely and accurate assistance with the maintenance of electronic underwriting files and contract documentation.
- Proactive and complete servicing of underwriting documentation with the ability to meet established service standard targets.
- Production and management of accurate Underwriting Committee Minutes.
- Other duties may be assigned.

You will report to Senior Underwriter, Specialty.

SHARE your talent

We're looking for someone who has these abilities and skills:

- Degree from a recognized University or CPCU/ACII designation.
- Minimum of 5 years (re)insurance industry experience.
- Working knowledge of reinsurance contracts and associated market practices would be beneficial.
- Ability to demonstrate strong numerical and analytical skills.
- Proficiency with Microsoft Office suite of applications.
- Excellent verbal and written communication skills.
- Must possess a strong work ethic and proven organizational skills.
