Senior & Manager - Valuations & Business Modeling

EY, a global market-leading professional services organization, with dynamic people in more than 150 countries, is committed to operating with integrity, quality and professionalism in the provision of audit, tax, advisory and transaction advisory services.

We are currently seeking qualified candidates to be considered for the positions of Senior and Manager in our Valuations & Business Modeling (VBM) team in Bermuda. EY has an established industry leading VBM group and we advise our clients in addressing their strategic planning, regulatory compliance, financial reporting, tax and fair market value documentation needs

Senior, Valuations & Business Modeling - responsibilities and required experience:

- ▶ In consultation with the manager, senior manager or partner, advise businesses on valuations issues with regards to acquisitions or divestitures and provide fairness opinions on transactions and restructurings
- ▶ Work with management as part of an acquisition process to understand how the value of acquired intangible and financial assets will impact accounting requirements, as well as assist in the review of valuations performed by management or third-party specialists and used by hedge funds and private equity firms for financial reporting purposes
- ▶ Undertake valuations for fiscal purposes in both the regional market and as necessary other jurisdictions, and advise clients on tax valuation issues
- ▶ A bachelor's or graduate degree in finance, economics, accounting or business
- ▶ Achievement of or significant progress towards an internationally recognized relevant professional designation, such as the CPA, CA, ACA, CFA, ASA, or AM
- ▶ A minimum of 18 months' of relevant work experience in a public accounting or professional services firm; prior experience in the financial services industry required and previous experience in valuations strongly preferred

Manager, Valuations & Business Modeling - responsibilities and required experience:

- ▶ In consultation with the senior manager or partner, advise businesses on valuations issues with regards to acquisitions or divestitures and provide fairness opinions on transactions and restructurings
- ▶ Work with management as part of an acquisition process to understand how the value of acquired intangible and financial assets will impact accounting requirements, as well as assist in the review of valuations performed by management or third-party specialists and used by hedge funds and private equity firms for financial reporting purposes
- ▶ Undertake valuations for fiscal purposes in both the regional market and as necessary other jurisdictions, and advise clients on tax valuation issues
- ▶ Create a positive learning culture and coach junior team members to help them develop
- ▶ A bachelor's or graduate degree in finance, economics, accounting or business
- ▶ Achievement of or significant progress towards an internationally recognized relevant professional designation, such as the CPA, CA, ACA, CFA, ASA, or AM
- ▶ A minimum of 5 years' of relevant work experience in a public accounting or professional services firm; previous valuations experience and experience in the financial services industry required

The successful candidates must be highly motivated, analytical, logical thinkers with a passion for valuations and have a very strong attention to detail. Being a strong team player is critical with the ability to adapt to changing requirements or deadlines in support of our clients goals.
