

# ESSENT®

ESSENT REINSURANCE LTD.

## Senior Risk Analyst

On behalf of our Client we invite applications for a permanent Bermuda based Senior Risk Analyst position - this role will actively assist with managing the risk analytics for Essent Reinsurance Ltd.

### **This assistance will include:**

- Supporting risk management initiatives and reinsurance risk research at the direction of the VP of Risk for Essent Reinsurance Ltd.
- Database management and maintenance of large quantities of data used in underwriting and surveilling their risk portfolio.
- Ensuring the effective design, creation, or modification of cash flow and other complex financial analysis that addresses the need to price, manage and reduce portfolio risk.

### **The successful candidate will ideally have:**

- A Bachelors degree in finance, mathematics or a related field.
- 3+ years progressive work experience gained in banking or Re/ insurance.
- Actuarial or CFA designation would be advantageous.
- Advanced MS Excel, VBA, SAS and SQL skills - including strong database management experience.
- Superior knowledge and understanding of cash flow and financial modeling is essential.
