

Apex Fund Services, established in Bermuda in 2003, is one of the world's largest independent fund administration and middle office solutions providers with offices in 35 locations worldwide. Apex has continually improved and evolved its product suite by surrounding these core administrative services with additional products spanning the full value chain from information delivery and regulatory products to a full middle office solution and fund listings database. Apex now administers the investments of some of the largest funds and institutional investors in the world. www.apexfundservices.com
