

## **Senior and Senior Manager – Financial Accounting Advisory Services**

EY, a global market-leading professional services organization, with dynamic people in more than 150 countries, is committed to operating with integrity, quality and professionalism in the provision of audit, tax, advisory and transaction advisory services.

We are currently seeking qualified candidates to be considered for the positions of senior and senior manager in our financial accounting advisory services (FAAS) practice in Bermuda. Our FAAS professionals combine technical accounting skills in IFRS and US GAAP, practical experience in financial reporting as well as deep sector and regulatory knowledge to help finance leaders address the strategic accounting challenges and ongoing changes facing their business and manage the resulting repercussions on the accounting and finance function. We help them achieve their potential in acquisitions, divestitures, optimization/restructuring or accounting standards convergence.

### **Senior, FAAS - responsibilities and required experience:**

- ▶ Participate in multiple engagement teams within FAAS and collaborate with the senior manager/partner and client to determine a strategy that appropriately addresses risk and manages client expectations relating to deliverables
- ▶ Develop and maintain productive relationships with client management throughout the year and ensure that the engagement team understands the client's needs and expectations and that the work product is client-focused, clear, accurate and well-presented
- ▶ Understand the client's industry and recognize key performance drivers, business trends and industry developments
- ▶ Collaborate with other service lines (i.e. Tax, Advisory and Valuation) to identify and deliver integrated solutions
- ▶ A bachelor's degree in accounting, finance, business or a related field
- ▶ Achievement of or significant progress towards an internationally recognized professional accounting designation, such as a CPA, CA, ACA or equivalent; partially-qualified hires are required to become qualified before being eligible for promotion to manager
- ▶ A minimum of eighteen (18) months' of recent relevant experience within a public accounting/professional services firm; financial services and in particular insurance experience is strongly preferred

### **Senior Manager, FAAS - responsibilities and required experience:**

- ▶ Lead and participate in multiple engagement teams within FAAS and collaborate with the partner and client to determine a strategy that appropriately addresses risk and manages client expectations relating to deliverables
- ▶ Develop and maintain productive relationships with client management throughout the year and ensure that the engagement team understands the client's needs and expectations and that the work product is client-focused, clear, accurate and well-presented
- ▶ Understand the client's industry and recognize key performance drivers, business trends and industry developments
- ▶ Collaborate with other service lines (i.e. Tax, Advisory and Valuation) to identify and deliver integrated solutions
- ▶ Oversee engagement economics and manage appropriate resources for efficient engagement models
- ▶ Cultivate and manage business development opportunities; generate new business opportunities by understanding EY and its service lines and actively assess/present ways to apply knowledge and services
- ▶ Coach and develop our people and provide timely performance reviews/feedback/on-the-job training
- ▶ A bachelor's degree in accounting, finance, business or a related field
- ▶ An internationally recognized professional accounting designation, such as a CA, CPA, ACA or equivalent
- ▶ A minimum of 8 years of recent relevant experience within a public accounting/professional service firm, and/or combined with experience within the insurance industry
- ▶ Experience participating in engagement management, engagement execution and reporting, and client relationship-building
- ▶ Experience identifying new business opportunities at existing or potentially new clients

The successful candidates must have strong analytical, interpersonal and communication skills, an ability to work a flexible schedule as overtime and travel will be required, as well as a dedication to teamwork and integrity within a professional environment.
