

# HVAC/R Service and Installation Technicians

**Bermuda Air Conditioning Ltd.** is seeking to employ qualified HVAC/R Installation & Service Technicians. The successful candidates must be experienced, self-motivated individuals with excellent interpersonal and communication skills.

## Duties and Responsibilities:

- Install, commission, service and maintain Heating, Ventilating, Air Conditioning, and Refrigeration (HVAC/R) systems, including but not limited to refrigeration racks, Variable Refrigerant Flow (VRF) and Chilled water Systems
- Perform repairs, overhauls, installations and start ups of both commercial and residential equipment to a high standard
- Perform site surveys, replacement, modifications and technical support as needed or requested by the customer
- Keep current on all projects concerning installation, operation, maintenance, service and repair
- Mentor and train other HVAC/R technicians and apprentices in the installation and servicing of all mechanical systems using excellent HVAC/R practices
- Flexibility to work weekends and/or as the duty engineer requires

## Required Qualifications and Experience:

- Associates degree or equivalent from two years of college or technical school with a certificate in either Refrigeration, Air Conditioning, or Heating and Ventilation
- Completed a 3 year minimum apprenticeship as a Refrigeration or Air Conditioning Engineer
- Written documentation outlining previous experience with installation, servicing and maintaining all HVAC/R equipment and systems
- Must have a proven knowledge following blueprints, wiring diagrams, piping schemes and engineering specifications
- Valid driving license
- To be able to communicate successfully with our clients and/or client representatives alongside our highly motivated staff in a professional manner

## Closing Date: 22 February, 2019
