

CORREIA CONSTRUCTION COMPANY LTD.

PROJECT MANAGER

Correia Construction is seeking a Project Manager who has had experience in residential civil and industrial construction. Experience in Marine construction would be an asset.

The post holders will be capable of reading drawings, taking off quantities and pricing projects, ordering and receiving materials and supervising company personnel and sub contractors. Project Managers will be responsible for billing and working with office staff in the management of projects assigned to them.

Applicants will be expected to meet with clients, architects, consultants, suppliers, government officials and attend project meetings. If required, take a job to audit upon its completion depending on the nature of the job and contract.

Qualifications, experience and skills must include:

- 10+ years post degree project management experience
- Proficiency in Microsoft Project, Excel and Word
- Excellent communication skills

Salary will be commensurate with experience.

Resume and two references (at least one professional) should be sent to:

Human Resources Manager
Correia Construction
PO Box DV310
Devonshire DV BX

Or by email to **tdebraga@correia.bm**

Closing Date April 12, 2019
