ACCOUNTING MANAGER

Beecher Carlson is seeking a dynamic, self-motivated professional for the position of Accounting Manager. The position will report directly to the Managing Director, In Charge of Captive Operations. The primary responsibility will be the accounting and supervision of captives under management with specific focus on one large captive account.

Key responsibilities:

- Oversee and coordinate all financial reporting activity for captive accounts, including managing audit processes, statutory reporting and coordination of actuarial analyses
- Preparation of reconciliations including vendor management for captive programs, and claims bordereau management
- Perform financial modeling for new captives
- Act as the technical accounting and regulatory resource for captives, advising upon and keeping abreast of changes in US GAAP and IFRS
- Provide support for all financial reporting activities, including preparing and presenting Board materials
- Undertake special projects as assigned

Required skills, qualifications and experience:

- A qualified Chartered Accountant with at least 3 years relevant post qualification experience within the financial services or professional services sector
- Reinsurance and/or Captive management accounting experience
- In-depth, practical knowledge of IFRS and US GAAP, especially as it relates to captives and insurance operations
- Experience of BMA statutory reporting requirements and regulations
- Ability and willingness to work overtime to meet tight deadlines with minimum supervision
- Proficiency with Microsoft Word and PowerPoint; advanced Excel skills
- A strong work ethic, coupled with a high degree of motivation to work independently or as part of a team
